SUBTOTAL - PAID TO Techies (Software + Support + Training)		1,750	21,000
D. CLIENT-MANAGED INFRASTRUCTURE (PAID DIRECTLY BY CLIENT)			
8	Supabase Pro - Database, Auth, Edge Functions, Storage <i>Sign up: supabase.com - Pro Plan USD 25/mo</i>	110	1,320
9	Render - Cloud Hosting (3 Static Sites, CI/CD) <i>Sign up: render.com - Free tier or Starter USD ~12/mo</i>	50	600
10	Resend - Email Service (reminders, notifications) <i>Sign up: resend.com - Pro Plan USD 20/mo</i>	90	1,080
11	Domain Registration & DNS (.com) <i>Sign up: namecheap.com / cloudflare - ~USD 12/yr</i>	15	180

Subtotal - Client-Managed Infrastructure (est.)	265	3,180
TOTAL MONTHLY COST TO CLIENT (Techies Bill + Own Infra)	2,015	24,180

E. CLIENT RESPONSIBILITIES (SELF-MANAGED)		
!	Sign up & maintain accounts: Supabase, Render, Resend	
!	Manage billing & payments for all cloud service subscriptions	
!	Monitor database storage and email quota usage	
!	Handle Supabase database backups & disaster recovery	
!	Manage domain DNS settings, SSL certificate renewals	
!	Coordinate with cloud providers for any service outages	
!	Upgrade service plans as usage grows	
!	Provide service credentials/API keys to developer for setup & deployments	
!	Infrastructure uptime NOT covered under SLA (application-level SLA only)
